

Horizon Public Health 2026 Non-Union Benefits Summary

Retirement Program

As an employee of Horizon Public Health (HPH) you are required to enroll in Public Employees’ Retirement Association (PERA). Participation is mandated for all public employees who meet the requirements of the plan.

	Employee Deduction	Employer Contribution
PERA - Coordinated Member	6.50%	7.50%

After three years of employment with HPH you will have what is called a “vested interest” in PERA. That means no matter when you terminate employment with us or another public employer you have insured a benefit upon your retirement. If you terminated public service in less than three years, you may withdraw your contributions plus interest at that time.

Insurance

Health – Five health insurance plan options through Preferred One (Prime Health) will be offered to HPH employees that regularly work 30 hours or more per week. Horizon Public Health will contribute \$1,069 per month for the employee’s benefits and an additional \$200 for an H.S.A. or VEBA account (for those electing single coverage – a total contribution of \$2,400 per year). Horizon Public Health will contribute \$1,550 per month for the employee’s benefits and an additional \$400 for an H.S.A. or VEBA account (for those electing family coverage – a total of \$4,800 per year). Coverage becomes effective the first day of the month following employment.

*Employees can also opt to waive the health insurance coverage but there will be no money in lieu of waiving coverage.

Life – As an HPH employee you will be covered by \$50,000 of life insurance at no expense. Coverage becomes effective the first day of the month following employment. Supplemental coverage is available for purchase for you, your spouse and your dependents.
